

School Team Breakfasts Project

The *School Team Breakfasts* Project is implemented by schools that wish to implement it as per the recommendation below. There are several good reasons why schools choose to participate in this project:

- Promotes a sense of belonging and creates links between students and staff in a different setting.
- Helps create a friendly atmosphere and a nourishing environment.
- Facilitates contact with parents who volunteer at the club.
- Acts as a sign of recognition, encouragement and support for the volunteers and students.
- Increases the club's attendance.
- Allows to improve the breakfast program by using the funds raised by this project.

Ideas to implement this project

- School administration purchases *School Team Breakfasts* project cards and makes them available to the school staff.
- Create a group of members of the school staff who comes to the breakfast club in rotation. This ensures the presence of at least one member of staff by morning.
- Take advantage of thematic breakfasts to participate in the *School Team Breakfasts* Project.
- Use this project to create an activity such as a contest or a fun game or as a reward for students in the breakfast club.

Recommendations

For who?

- All interested members of the school staff.

How?

- By contributing 10\$ to the breakfast club, via the school office or the person designated at your school, the teacher will receive a card allowing them to obtain 5 breakfasts.
- Having breakfast with the children to better start your day, and theirs.

Financial management

- The designated person at your school manages the funds raised. These funds will be given directly to the club of the school (The Breakfast Club can provide a simple management tool).

What will the money be used for?

- Buy food that could be missing (B / O or power outages), or any other food not provided by the Breakfast Club, always in respect to the food policy of the school board and the Canada's Food Guide.
- Depending on the amount collected, the school team may choose to organize a small annual thematic breakfast bringing together the entire school.

The menu

- The menu for the school staff is exactly the same as the one served to the children.

Restrictions/Details

- The funds collected may not be used to buy gifts.
- For efficiency during the service of the breakfast, and because of the high costs, coffee provided by the Club is only for the volunteers.

Report

- Copies of invoices must be submitted on the online report, every month.
